**WARRANTY INFORMATION** For over 140 years, Mayhew Tools has been manufacturing quality hand tools. The use of 6150 alloy steel, precision heat treating, and advanced manufacturing techniques results in products of long life, durability and toughness. Therefore, any product manufactured by Mayhew Tools which fails to render service due to defect in workmanship or materials will be replaced at no charge. This warranty does not apply to any products which have been misused, abused, or altered in any way, or worn from use. Mayhew Tools makes no other warranties, expressed or implied, with respect to the tools or their suitability for specific applications, nor does Mayhew Tools assume or authorize any person to assume for it, any other warranty expressed or implied.

**SAFETY INFORMATION** Always wear safety goggles when working with hand tools. When striking a tool, use a hammer with a head slightly larger than the struck face of the tool. Avoid glancing hammer blows. Chisels and punches will perform effectively only when used on materials softer than the hardened cutting or point end of the tool.
